You are receiving this email to notify you of construction on Cedarwood Circle that is scheduled to be completed Wednesday 5/6 and Thursday 5/7.

We have been informed that Boulder Country Club has received the permit for their sewer line connection to complete their new pool building. Unfortunately the sewer size must be expanded in order to complete this project and it will have a short term effect on Cedarwood Circle, especially with the homeowners in the direct vicinity where the connection is to be made.

BCC does not have a choice in the matter and needs your cooperation. The plan is to saw cut the area, make the connection and install new asphalt as fast as they can to minimize the inconvenience. This work is scheduled for Wednesday May 6<sup>th</sup> and completed asphalt by May 7<sup>th</sup>. Cedarwood Circle will be partially closed during the construction, in the area indicated on the attached map.

We apologize for the inconvenience and we will do whatever we can do minimize this disruption.
