Subject: BLOCK 4R - Asphalt Work Scheduled - Friday August 21st and Saturday August 22nd

All Homeowners in Block 4R,

We have received notice from Superior Aggregates that asphalt work in the BLOCK 4R cul-de-sac is scheduled to be completed on FRIDAY AUGUST 21st thru SATURDAY AUGUST 22nd (weather dependent).

Asphalt sealing will be completed on Friday. Work will begin as early as 8am, and continue for a few hours to make necessary repairs to the asphalt. Homeowners will need to avoid driving on the asphalt throughout Friday and Saturday, until the contractor has removed the cones. Once the cones have been removed Saturday afternoon/evening, that is your indication that it is OK to once again drive on the asphalt. The recently patched asphalt areas will not be sealed at this time, as they continue to cure. Those areas will be sealed late in the fall or early next spring after the asphalt patch has had time to cure.

HOMEOWNERS ARE REQUESTED TO NOT WATER ON THURSDAY, FRIDAY, OR SATURDAY to avoid water causing problems with the asphalt sealing project.

We are sorry for any inconvenience that this work may cause, but it is necessary. Please refrain from driving on the asphalt, and if necessary, move vehicles from the cul-de-sac prior to 8am on Friday, to avoid being confined on Friday and Saturday, due to the repair work. In the event of inclement weather, the work will typically be scheduled for the following day.
